Hiring Manager
Apple, Inc.

Dear ,

I am writing to express my enthusiasm for the Software Development internship opportunity at Apple. I am currently pursuing a Bachelor of Science in Computer Science with a focus on Accounting at Texas A&M University at Corpus Christi, expecting to graduate in December 2026. With a strong foundation in software development, coupled with hands-on experience in various programming languages and technical projects, I am eager to contribute to Apple's innovative environment.

Throughout my academic journey, I have developed proficiency in multiple programming languages, including Python, JavaScript, C/C++, Java, Swift, and Go. My coursework and projects have provided me with a solid understanding of data structures, algorithms, and software engineering principles. Notable coursework includes Data Structures, Algorithms, Computer Architecture, and Introduction to AI.

I am particularly excited about this internship at Apple, because of the company's commitment to innovation and excellence. I am eager to bring my experience in software development, along with my passion for learning and problem-solving, to contribute to Apple's projects. I am confident that my background and skills align well with the requirements of this internship and that I can make a meaningful contribution to your team.

Thank you for your time and consideration. I'm looking forward to learning more details about the Software Engineering Intern position at Apple. Growth is essential to my continued success, and I'm excited for the chance to be a part of Apple's industry-leading team. My proven track record and Apple's quality products are a winning combination for increasing the company's market share.

Sincerely

Raj Patel
